7:00 Getting up

It's hard to leave the cozy bed but waking up a bit early, I'd love to feel the morning coming as the island starts to brighten. Lately, people on this island are early birds so shall I go greet them?

8:00 Group stretching

The new routine to this island, group stretching in the morning, is held today as usual. As the representative for this island, I have to be mindful of everybody's health. (though this is a secondhand idea from Nook Inc.'s)

両手(りょうて)を上(あ)げて、背筋(せすじ)を伸(の)ばす運動(うんどう)

10:00 Harv's Island

Recently, the plaza at Harvey's Island is bustling. Checking out the lineup in familiar shops as well as glancing at newly opened shops.
Maybe I should check out my fortune for today later.

This bag was a lucky find!

13:00 Boat Tour

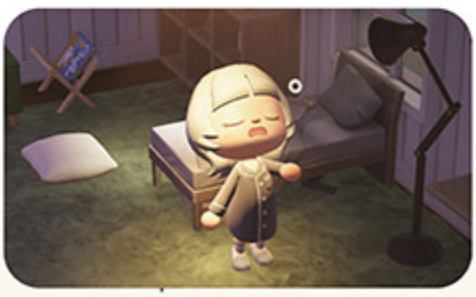
Off to a boat trip via Kapp'n's boat, his pride and joy.
I wonder where he's going to take me today...?
His sea shanties along the ride are one of my secret delights.

14:30 The Roost

It's time to meet up with my friends.
"The Roost" is our usual meeting place...
Savoring a cup together with your friends always feels special.

16:00 Field Work

One last work before my plans for the night.
The carrots and potatoes that I grew with tender care have now grown magnificently...!
Since I grew them myself, harvesting them is also delighting.



18:00 Dinner

Dinner with my sister.
The tables were all set when I visited her island.
Serves as a reference, as always...
With each other's favorite pasta, lets dig in.

22:00 Good night

There has been so much going on today as well...
I hope tomorrow will also be a good day.
Turning the lights off and good night.
